Narrative Summary:

THE CONSUMER CONFIDENCE REPORT (CCR) RULE: This rule is an important part of the 1996 Amendments to the Safe Drinking Water Act (SDWA). The CCR final Rule, which became effective September 18, 1998, provides a framework that water suppliers will use to give consumers information on their drinking water. Under 40 CFR Part 141 Subpart O, all community water systems (CWSs) were required to provide their customers with an annual quality report or CCR by October 19, 1999. Some CWSs have delivered the first round CCR reports to their customers but some did not comply with this rule. The majority of the enforcement actions listed as SDWA violations are the water systems that did not comply with the first round CCR rule and were targeted for the administrative orders by EPA Region 6.

OSCEOLA MUNICIPAL LIGHT & POWER, CITY OF OSCEOLA, AR: Issued a Complaint and Notice of Opportunity for Hearing (Complaint) on June 23, 2000, pursuant to the Toxic Substances Control Act (TSCA). Specifically, it is alleged that the Osceola Municipal Light & Power failed to properly mark and store PCB Items, and notify EPA of its PCB waste management activities. A \$23,500.00 penalty was proposed.

ZENITH ELECTRONICS CORPORATION: Issued a Complaint and Consent Agreement and Final Order (Complaint and CAFO) on June 21, 2000, pursuant to the Toxic Substances Control Act (TSCA). Specifically, Zenith Electronics Corporation (Zenith) disclosed pursuant to EPA's Voluntary Self-Disclosure Policy (Policy) that it imported without an exemption PCBs at a concentration greater than 50 ppm into the United States from Tamaulipas, Mexico in violation of 40 C.F.R. Sections 761.20(b) and 761.93; and failed to provide a complete certification statement to the District Director at the port of entry in violation of TSCA Sections 13, 15(3)(A) and (B), 19 C.F.R. Section 12.121, and 40 C.F.R. Section 707.20. Zenith was eligible for a 75% gravity reduction in penalty pursuant to EPA's Policy. A penalty of \$2,750 was assessed against Zenith.
